MS F SIMPSON ASKED MINISTER FOR EDUCATION AND MINISTER FOR YOUTH JUSTICE (HON D FARMER)

QUESTION:

Will the Minister advise when there will be a new security fence installed around Pacific Paradise State Primary School?

ANSWER:

Security fencing is installed on a priority basis to schools, based on their risk rating. A school's security risk rating is determined by taking into account the type and frequency of reported security incidents, including vandalism, disruptions to school operations and the cost of these incidents. These factors have varying levels of influence on a school's overall risk rating, with funding for security fencing prioritised for schools with an extreme security risk rating.

School Security Advisors provide schools with ongoing security advice and support. The School Security Advisor for Pacific Paradise State School will continue to develop ongoing strategies to mitigate security risks, including the promotion of the School Watch program.
