

Question on Notice
No. 1015
Asked on 16 September 2025

Mr L McCallum asked Premier and Minister for Veterans (Hon. D Crisafulli)—

QUESTION:

Will the Premier advise (reported separately by department, headcount and FTE) in a table as at 1 November 2024 and 1 July 2025 (or closest reportable dates) the number of (a) frontline public sector employees and (b) non-frontline public sector employees?

ANSWER:

From June 2024, Queensland public sector workforce statistics are published in the annual State of the sector report. This includes a breakdown of frontline and non-frontline staff, as well as employees per department.

I am advised by the Public Sector Commission (PSC) that data for March 2024 and March 2025 is publicly available in the 2025 State of the Sector report: https://www.forgov.qld.gov.au/_data/assets/pdf_file/0031/598171/state-of-the-sector-report-2025.pdf. I note the report outlines an overall increase in public sector full-time equivalent (FTE) employees of 4.99 per cent or 12,871.58 FTE between March 2024 and March 2025.
