MR J SULLIVAN ASKED MINISTER FOR HEALTH AND AMBULANCE SERVICES (HON T NICHOLLS)—

QUESTION

Will the Minister advise (in table format, reported separately by HHS), the number of patients on the elective surgery waitlist between (a) 1 November 2020 and 31 October 2024 (or closest reportable date) and (b) 1 November 2024 and 1 February 2025?

ANSWER

Elective surgery activity and performance data is reported publicly on the Queensland Health Our Performance website, at www.performance.health.qld.gov.au.

Statewide data, including the number of people on the waiting list and the number of elective surgeries performed (www.performance.health.qld.gov.au/statewide-performance/planned-care/planned-surgery-activity) and the waiting time to access planned surgeries (www.performance.health.qld.gov.au/statewide-performance/planned-care/planned-surgery-performance), are reported in table format, separately by month and urgency category.

This information is also available for each hospital and health service (www.performance.health.qld.gov.au/view-performance-by-hhs). Data tables for 'waiting lists for planned surgery' are reported in table format separately by month and urgency category from July 2019.
