

Question on Notice

No. 1077

Asked on 17 September 2025

HON M DE BRENNI ASKED MINISTER FOR TRANSPORT AND MAIN ROADS (HON B MICKELBERG)—

QUESTION:

With reference to answer to Question on Notice No. 682 of 2025 and given the Department of Transport and Main Roads is continuing planning for the DH2LM (Stage 3 - M1 North) Upgrade with a total of \$1b already committed by the Queensland and Australian Governments—

Will the Minister advise if this project will be delivered prior to the 2032 Olympic and Paralympic Games?

ANSWER:

I thank the Member for the question.

This project is currently in business case review based on feedback from Infrastructure Australia, as outlined in my response to Question on Notice 682 of 2025.

The review will identify the next priority stage of the motorway upgrade. Future stages of the motorway upgrade will be subject to negotiations between the Australian and Queensland governments, following the review being completed and resubmitted for approval to Infrastructure Australia.
