**No. 1226**  
**Asked on 16 October 2025**

**MR R KATTER** ASKED TREASURER, MINISTER FOR ENERGY AND MINISTER FOR HOME OWNERSHIP (HON D JANETZKI)—

**QUESTION:**

Will the Treasurer detail if the government is committed to achieving net zero emissions?

**ANSWER:**

Throughout the lead-up to the 2024 election, the then opposition made a commitment to achieve this. Since then, the Crisafulli Government has proven it takes the delivery of its election promises very seriously, which has been further emphasised and expanded on in the Energy Roadmap, released on October 10.

We fully intend to deliver on our election commitments and that will not change while we also deliver affordable, reliable and sustainable energy for Queenslanders in a responsible way.
