MS N BOYD ASKED MINISTER FOR LOCAL GOVERNMENT AND WATER AND MINISTER FOR FIRE, DISASTER RECOVERY AND VOLUNTEERS (HON A LEAHY)

With reference to the Minister's Media Statement on 21 September 2025 titled 'Heavy duty partnership locked in to secure long-term fire truck supply' and that '...the vehicles will be built and assembled by Volvo and Fraser Engineering Group, with final fit-out conducted at Volvo's Brisbane facilities'—

Will the Minister advise if the new fire trucks will be constructed in New Zealand instead of Queensland, given Fraser Engineering Group is based in New Zealand?
