With reference to the Transport and Mobility Strategy being prepared by the Department of Transport and Main Roads for the Brisbane 2032 Olympic and Paralympic Games—

Will the Minister advise (a) whether the Strategy will specifically address public transport access between Brisbane Airport and key Games venues, athlete villages, and spectator hubs, (b) whether any upgrades or service improvements are planned to support reliable airport connectivity including heavy rail, bus, or active transport options and the estimated cost and delivery timeframes for those works and (c) if not, why airport connectivity has not being prioritised within the Transport and Mobility Strategy?
