

Question on Notice

No. 1492

Asked on 9 December 2025

MS J HOWARD ASKED MINISTER FOR TRANSPORT AND MAIN ROADS (HON B MICKELBERG)—

QUESTION:

With reference to answer to Question on Notice No. 893 of 2025, in which the Minister stated that Queensland Rail has completed design options, with detailed design works currently underway for a replacement bridge at Sadliers Crossing—

Will the Minister advise the (a) expected date for release of a phased plan for the project, (b) expected dates and methods of community consultation on the project, (c) expected date for commencement of construction and (d) expected completion date of the new bridge?

ANSWER:

I thank the Member for the question.

As noted in my response to Question on Notice 893 of 2025, Queensland Rail is currently undertaking detailed design work for the Herbert Street bridge. Completion of the detailed design will inform the timeframes for the works, and Queensland Rail's further engagement with the community.
