

Question on Notice

No. 1495

Asked on 9 December 2025

MR J MARTIN ASKED THE MINISTER FOR EDUCATION AND THE ARTS (HON J LANGBROEK)—

QUESTION:

With reference to the safety issues at Stretton State College during pick-up and drop-off, which as the Courier-Mail recently reported resulted in a situation where more than 20 parents were fined \$333 while being directed by the teachers to stop near a two-minute zone—

Will the Minister advise when the Minister is going to address this issue and ensure appropriate upgrades are implemented, including a pedestrian overpass across Gowan Road, a ring road around the junior campus and expanded parking and drop-off capacity across both campuses?

ANSWER:

I refer the Member for Stretton to my response to Question on Notice No. 1269. As advised, should the current project being delivered by Brisbane City Council not ease traffic flow, the Department of Education will commission a traffic impact study.
