MR J MARTIN ASKED MINISTER FOR HEALTH AND AMBULANCE SERVICES
(HON T NICHOLLS)—

QUESTION

Will the Minister advise from 1 May 2025 (or the closest date for which data is recorded) to the latest date for which data is available, how many people have presented to a Queensland emergency department with an injury resulting from the use of a personal e-mobility device?

ANSWER

I thank the Member for the question. Identification of personal e-mobility device related injuries is currently not possible using routine health data due to the lack of PMD specific codes in the Patient Administration System.
