

Question on Notice

No. 1574

Asked on Thursday, 11 December 2025

HON S FENTIMAN ASKED THE MINISTER FOR HOUSING AND PUBLIC WORKS AND MINISTER FOR YOUTH (HON S O'CONNOR)—

QUESTION:

Will the Minister advise what month and year the Crisafulli Government's 20-year housing plan is anticipated to be released?

ANSWER:

Building on our first Budget's record \$8.1 billion housing investment, work continues on the development of a new, comprehensive whole-of-government housing plan.

The plan will map out a path to the housing we need for Queensland's future, providing the strategic direction to meet the Crisafulli Government's commitment to deliver one million new homes, including 53,500 social and community homes by 2044, and our focus for Queensland to have the highest home ownership rates in the nation over the next decade.

The release of the plan will be timed to ensure a comprehensive response to current housing pressures, and is expected to be launched in the first half of 2026.
