

Question on Notice

No. 191

Asked on 13 March 2025

MR J MARTIN ASKED MINISTER FOR HEALTH AND AMBULANCE SERVICES (HON T NICHOLLS)—

QUESTION

Will the Minister advise what proportion of drug treatment services are in response to alcohol-related presentations?

ANSWER

Queensland Health offers a broad range of alcohol and other drug treatment services. Services across Queensland include public, private, and non-government organisation support services, residential rehabilitation services, counselling and other support services.

It is unclear which services the Member is referring, and the question is too broadly phrased to be able to answer. The Member is encouraged to submit a more specific and clear question. In the meantime, I refer the Member to the answer to Question on Notice 116.
