

Question on Notice
No. 197
Asked on 13 March 2025

Hon. S Miles asked Premier and Minister for Veterans (Hon. D Crisafulli)—

QUESTION:

Will the Premier advise if the Crisafulli LNP Government is committed to the delivery of a complaints clearing house and if so, (a) who is leading the implementation and (b) what is the timeline for delivery?

ANSWER:

The Public Sector Commission is currently developing options for a public sector complaints clearinghouse. The timeline for delivery will be determined by the preferred option, once that is identified.

I note that the former Labor Government committed to establish a complaints clearinghouse body, following the recommendations of the Coaldrake Report in 2022, but this work was not delivered during their term of government.
