MR C WHITING ASKED MINISTER FOR HEALTH AND AMBULANCE SERVICES (HON T NICHOLLS)—

QUESTION

With reference to the Redcliffe Hospital Expansion Project—

Will the Minister advise the timeframe needed to protect the pile foundations already partially installed on Stage 1, before the exposed foundations need to be replaced?

ANSWER

Unfortunately, Stage 1 works were halted on the Redcliffe Hospital Expansion project because the former government failed to resolve a critical design flaw in that the building impacted on the site of a culturally modified artefact. As such, the Ministerial Infrastructure Designation could not be approved.
