**MRS M MCMAHON** ASKED MINISTER FOR POLICE AND EMERGENCY SERVICES  
(HON D PURDIE)—

**QUESTION:**

With reference to QPS Operation Victor Unison and the funding commitment of \$25m over three years ending 30 June 2025—

Will the Minister provide (in table format reported separately) (a) the breakdown of funding allocated for FY 2024-25 (reported separately by Police District), (b) the amount of this funding expended during FY 2024-25 (to date) (reported separately by Police District), (c) for any Police Districts that have already expended their respective allocations, whether any additional funding will be provided by the government to support the QPS' critical Extreme High Visibility Patrols program which delivers, among other things, additional bail checks on youth offenders, (d) for any Police Districts that have already expended their respective allocations, whether the Minister has requested the QPS to re-prioritise internal resources to support the Extreme High Visibility Patrols program and (e) for any Police Districts that have already expended their respective allocations and will not receive any additional funding from the government and/or from re-prioritised QPS internal funding, how the Extreme High Visibility Patrols program will be delivered by the QPS in those Police Districts?

The Crisafulli Government has announced \$31.1 million in new funding for high visibility police patrols as the former ALP government failed to provide funding beyond 30 June 2025.

This will assist in restoring community safety and follows the bolstering of the State Flying Squad and making permanent the Youth Crime Taskforce.
