MS J PEASE ASKED THE MINISTER FOR NATURAL RESOURCES AND MINES, MINISTER FOR MANUFACTURING AND MINISTER FOR REGIONAL AND RURAL DEVELOPMENT (HON D LAST)—

QUESTION:

With reference to the 2025 Land Release Review—

Will the Minister advise (a) has dedicated funding been allocated to support the outcomes of the Review, (b) what is the expected delivery timeframe for red tape reduction upon the review's publishing and (c) what monitoring and evaluation framework will be used to track the implementation of recommendations?

ANSWER:

The consultation paper titled 2025 Land Release Review proposes initiatives to ensure that the state's land release processes are more efficient and responsive to industry needs, and that the regulatory framework and business processes optimise resource development for the benefit of all Queenslanders. Consultation on these initiatives closes on 20 August 2025 and, following consideration of any feedback received, recommendations (including timeframes and evaluation framework) will be progressed for government consideration. The budget implications arising from these recommendations will be analysed and considered at this stage.
