MR B MELLISH ASKED MINISTER FOR TRANSPORT AND MAIN ROADS (HON B MICKELBERG)—

QUESTION:

With reference to the reviews into the drug driving program with reference to cannabis use, and the Graduated Licensing System for learner drivers commenced by the previous Labor Government both due for completion by the end of 2024—

Will the Minister outline (a) if the Minister will release the final reports and when, (b) if not, why not, (c) any recommendations the government has committed to and (d) any work that has been done to implement these recommendations?

ANSWER:

I thank the Member for the question.

The reports in question are yet to be received and considered by the government and as such I am unable to comment on their contents.

I can advise that, as part of this work, in December 2023 the Department of Transport and Main Roads engaged a university to provide the required technical reports. Unfortunately, the university has been unable to meet the original completion dates due to staffing issues. Since November 2024, my department has run a number of the project elements in parallel and accelerated other components in order to mitigate delays.
