HON M SCANLON ASKED THE ATTORNEY-GENERAL AND MINISTER FOR JUSTICE AND MINISTER FOR INTEGRITY (HON D FRECKLINGTON)

QUESTION:

With reference to the Attorney-General's response to Estimates Prehearing Question on Notice No. 8 of 2025, and in particular '**My Charter Letter requires me to work to deliver recommendations with government support**' and noting the bold highlighted text in the Attorney-General's response —

Will the Attorney-General list for the reports listed in (i) to (vii) below (in table format, reported separately), (a) all recommendations from the reports, (b) which recommendations the Crisafulli Government supports and (c) which recommendations it does not support (i) Queensland Family and Child Commission Inquiry to keep Queensland children safe, (ii) Public Interest Disclosure Act Review, (iii) Criminal Procedure Review – Magistrates Court, (iv) Women's Safety and Justice Taskforce, (v) Royal Commission into Institutional responses to Child Sexual Abuse, (vi) Royal Commission into Violence, Abuse, Neglect and Exploitation of People with Disability and (vii) the National Disability Insurance Scheme Review?

ANSWER:

I thank the Honourable Member for Gaven for her question.

As noted at Estimates, my Charter Letter includes that I work to deliver recommendations *with government support* from inquiries and reviews.

As I outlined in the related Estimates prehearing question on notice number 8, our Government is committed to carefully considering the alignment of the various outstanding recommendations with our priorities for the community.

It is a matter for government to determine, which recommendations will be considered and, where supported, implemented. I note, the number of recommendations for the reports listed would equate to hundreds of individual updates.

As Attorney-General, I am committed to delivering the government's legislative and policy agenda, including to make Queensland safer. As I continue to implement the government's reforms, I will prioritise the deliverables in my Charter Letter including any recommendations from inquiries and reviews that are supported by the government.
