

Question on Notice

No. 99

Asked on 20 February 2025

MR P RUSSO ASKED MINISTER FOR HEALTH AND AMBULANCE SERVICES (HON T NICHOLLS)—

QUESTION

Will the Minister advise the number of patients previously being treated privately through the Surgery Connect program that are now being treated through a public health service (in table format, reported separately by HHS) since 1 July 2024?

ANSWER

It is unclear if the Member's question is referring to former Surgery Connect patients who: are right now being treated through a public health service for care related to their surgery; are right now being treated through a public health service for care unrelated to their surgery; at any point following their surgery received care through a public health service for reasons related to their surgery; or at any point following their surgery received care through a public health service for reasons unrelated to their surgery.

The Member is encouraged to submit a clearer and more specific question.
