MS W BOURNE ASKED MINISTER FOR TRANSPORT AND MAIN ROADS (HON B MICKELBERG)

With reference to the Minister's evidence during the 2026 estimates hearings regarding the impact of the Commonwealth EPBS assessment process on the Mt Crosby Interchange—

Will the Minister advise why the decision was made to defer funding for the Mt Crosby Interchange while funding was retained for other projects at similar stages of the EPBC assessment process, including The WAVE Stage 1 and the Gateway Motorway to Bruce Highway upgrade?
