HON M FURNER ASKED DEPUTY PREMIER, MINISTER FOR STATE DEVELOPMENT, INFRASTRUCTURE AND PLANNING AND MINISTER FOR INDUSTRIAL RELATIONS (HON J BLEIJIE)
Will the Deputy Premier provide, for each of the past five completed financial years, the rate of accepted primary and secondary psychological injury claims for Queensland Government departments and agencies, compared with the rate for all other employers covered by the Queensland workers' compensation scheme (s) as claims per 1,000 workers (using the same method and worker count denominator for both groups), (b) reported separately for primary and secondary psychological injury claims, (c) alongside the number of claims lodged, accepted and rejected in each group and (d) with the data sources, definitions and calculation method used, including how self-insured employers are treated?
