MRS C MULLEN ASKED THE MINISTER FOR EDUCATION AND THE ARTS (HON J LANGBROEK) —

QUESTION:

With reference to Education Queensland's advice that a detailed business case for the Springfield Central State High School Senior Campus will be finalised in 2025—

Will the Minister advise (a) if the detailed business case has been completed and approved, (b) what were the key outcomes of the detailed business case and anticipated cost to deliver the Senior Campus project and (c) next steps in progressing the project to meet the department's proposed revised school delivery year of between 2029 and 2030?

ANSWER:

I am advised:

Despite announcing a new senior campus for Springfield Central State High School to open in Term 1, 2024, the former government chose to reallocate this funding to other projects.

The Department of Education has identified matters to be resolved through Commercial-in-Confidence engagement with relevant parties prior to the commencement of the detailed business case.

Once resolved, the detailed business case will be finalised and will be subject to an investment decision of Government at an appropriate time.
