No. 33

Asked on 10 February 2026

MR L POWER, ASKED MINISTER FOR TRANSPORT AND MAIN ROADS (HON B MICKELBERG)—

QUESTION:

With reference to the 2024–25 financial year—

Will the Minister advise the estimated cost of reinstatement of Department of Transport and Main Roads' Intelligent Transport System and Electrical (ITS&E) infrastructure assets damaged by theft and vandalism?

ANSWER:

I thank the Member for the question.

I am advised that the actual cost for reinstating Intelligent Transport System and Electrical infrastructure assets in the 2024–25 financial year totalled \$5.7 million.

Unfortunately, cable theft and vandalism remain ongoing challenges over a number of years, including during the time of the former Labor Government. The Crisafulli Government is continuing to work to address this issue.
