

**Question on Notice**

**No. 375**

**Asked on 21 April 2026**

**MR B MELLISH** ASKED MINISTER FOR TRANSPORT AND MAIN ROADS (HON B MICKELBERG)—

**QUESTION:**

With reference to the Crisafulli LNP Government's commitment to duplicating Tingalpa Creek Bridge on Rickertt Road—

Will the Minister advise (a) the project timeline, including (i) projected business case completion date, (ii) projected community consultation date/s, (iii) projected construction start date, (iv) projected practical completion date and (b) total budget for the project across the Forward Estimates?

**ANSWER:**

I thank the Member for the question.

The Crisafulli Government committed \$500,000 to support a business case to explore options for the duplication of the Tingalpa Creek Bridge. The committed funding of the business case is key to enabling these future considerations and remains the next step in the planning process.

The Department of Transport and Main Roads has been in regular consultation with Redland City Council (RCC) as the asset owner of the Bridge. RCC will be delivering on the business case through a funding grant from my department.

I refer the Member to my recent media statement in relation to this election commitment:  
<https://statements.qld.gov.au/statements/105031>.

Work has commenced on the business case and remains ongoing. Further information—including project milestones—are subject to planning work and as such are not currently available.
