Note:

- *Behaviour incidents are sourced directly from OneSchool. Behaviour incident count is the number of incidents recorded by school staff. Incidents may involve one or more students. On occasions, an individual incident may be recorded separately by multiple staff.*
- *The classification of a behaviour as minor or major depends on locally agreed descriptors in each school, developed in consultation with staff.*
- *Major incidents are generally more serious behaviours that may significantly disrupt the learning environment, pose a risk to the safety or wellbeing of students, staff, or others and/or require intervention of other school staff such as Head of Department, Deputy Principal or Principal.*
