641 **MR C WHITING** ASKED MINISTER FOR HOUSING AND PUBLIC WORKS AND MINISTER FOR YOUTH (HON S O'CONNOR)

With reference to Queensland's combustible cladding checklist—

Will the Minister advise, as at the latest available date, how many private buildings (a) have been cleared with no further obligations, (b) require a solution to address combustible cladding risk, (c) are identified as potentially at risk and still required to complete the checklist process and (d) have notified the government of cladding removal or rectification, including how many did so proactively before completing the checklist process?
