737 **MR M BERKMAN** ASKED MINISTER FOR PRIMARY INDUSTRIES (HON A PERRETT)
With reference to the nine variations made to the government's permit to conduct its shark control program in the Great Barrier Reef Marine Park under the AAT's April 2019 decision (AATA 617)—
Will the Minister provide an update on the government's compliance with each variation, including specifically what proportion of drumlines within the park have been transitioned to SMART (catch-alert) drumlines?
